Powerful Partners: Adult Learners & Tutors Accomplishing Great Things Together

Learners tell us...

- ♥“I have been reading the paper and magazines. I like the book.”
- ♥“I helped Jack to do his school’s business plan. I had a successful conversation with a postal worker in the post office.”
- ♥“I read more and understand better. I like my tutor a lot. Thank You!!”

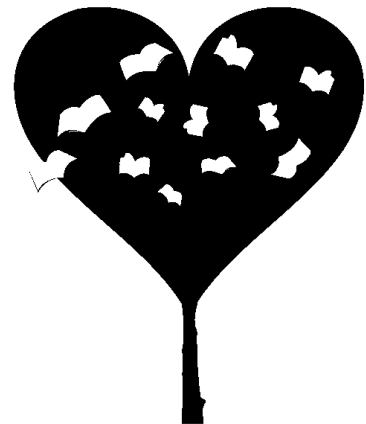

Tutors tell us...

- ♥Learner is getting more confident writing sentences!
- ♥Improved texting! Improved spelling. Learning cursive. Working on past tense verbs.
- ♥Studied, wrote and practiced 35 most frequent verbs and tenses. Learned 100 sight words.
- ♥Reading books with children. Improving comprehension skills and scanning text for answers.
- ♥Learner looked up templates for letters to Santa Claus, wrote one herself and encouraged her children to do so as well. She is progressing quickly, and it’s both gratifying and fun to work with her!
- ♥Learner took a placement exam at SRJC in English. His score was 73 out of 75. I’m encouraging his being in a class for more practice and group work.
- ♥Learner is gradually gaining confidence in knowledge of sentence structure and parts of speech.
- ♥We’ve been using the box of 101 idioms. About halfway through, learner began writing a story with the cards we worked on that week. We read and correct it the next week, and the story grows.”
